# Performance Focused

The Crown C-D<sup>x</sup> Series blends performance and proven reliability with an ergonomic focus, enabling operators to perform a wide array of tasks for businesses large and small. It's reliable 4-cylinder diesel engine delivers performance that keeps your operation moving.

## Performance

The Crown C-D<sup>x</sup> Series delivers reliable performance, with a diesel engine with the right power, torque, reliability and economy coupled with a durable, rigid, single-speed powershift transaxle.

## Confidence

A spacious, thoughtfully laid out operator compartment with a full-suspension seat provides a comfortable environment for the operator. The high visibility overhead guard and wide mast window enhance sight lines for precise load handling and less strain on the operator.

## Reliability

Durable components and nationwide parts and service support from Crown's expansive branch and dealer network ensure the C-D<sup>x</sup> Series is ready to perform when you need it.

# Confidence Through Ergonomic Design

Crown's C-D<sup>x</sup> Series forklifts are equipped with features that provide productivity with safety, comfort and control. Ergonomically designed comfort features reduce operator fatigue and strain even in demanding applications.

### High Visibility and Productivity

- Clear-view mast and overhead guard design
- Low front dash enhances sight lines for load handling operations
- Optional Auto-Tilt Levelling
- Large dual mirrors
- Optional LED lighting packages

### Integrated Instrument Panel

- Easy-to-read instrument panel displaying coolant and transmission oil temperatures, fuel level, operating hours, oil pressure and alternator voltage
- Monitor indicators for:
  - Seat belt
  - Engine oil pressure
  - Engine coolant temperature
  - Transmission temperature
  - Transmission neutral
  - Brake oil level
  - Mast interlock

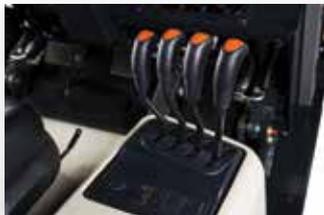

### Spacious, Ergonomic Operator Environment

- Easily adjustable to fit operators of various sizes
- Generous leg room
- Tilt steering column
- Deluxe suspension seat with high-visibility seat belt
- Operator sensing system
- Parking brake alarm
- Seat belt indicator
- Neutral shift (return to neutral required when operator leaves seat)
- Foldable arm rest

**Depend on the reliable C-D<sup>x</sup> Series.**  
Ask your local Crown branch for a demonstration.

# Simple and Comfortable

C-D<sup>x</sup> Series' cohesive design produces diesel engine lift trucks that are simple and comfortable to use in a range of environments.

#### **Hood Mounted Levers**

Hood-mounted hydraulic control levers allow for a comfortable arm position to prevent operator fatigue.

#### **Air Cleaner Service Indicator**

Air Cleaner Service Indicator offers a quick reference to show when the air filter elements require cleaning.

#### **Instrument Panel**

Easy-to-read instrument panel displays coolant and transmission oil temperatures, fuel level, operating hours, oil pressure and alternator voltage.

#### **Air Pre-filter**

Optional air pre-filter provides an additional level of protection in harsh, dusty environments.

#### **Adjustable Full Suspension Seat**

C-D<sup>x</sup> Series' adjustable full suspension seat offers all-day comfort and is adjustable for a wide range of operators.

#### **Counterweight Design**

Counterweight design increases airflow and cooling capability in hot climates.
