

Performance with Peace of Mind

Crown Extended Warranty

Long-term protection for your lift truck investment

At Crown, we stand behind our products. From expert service and support to quality parts, we offer reliable lift trucks that help ensure efficient performance and productivity for your business. Building on the value of our standard warranties, Crown also offers comprehensive extended warranty options with all new electric and internal combustion (IC) lift trucks.

Extra coverage to meet your needs

Our extended warranty program is a reflection of Crown’s confidence in our products. Flexible warranty options can provide:

- Long-term protection against unexpected repairs.
- Better value of your properly maintained equipment.
- More uptime through dependable Crown parts and responsive Crown service.
- Genuine peace of mind for years to come so you can focus on growing your business.

Convenient options provide value

Whether electric or IC, Crown lift trucks offer a variety of extended warranty terms for both major components and wearable items. Choose the term that best fits your usage and application.
