

# Pre-Shift Cleaning Program

## Protect the Productivity of Your Operators

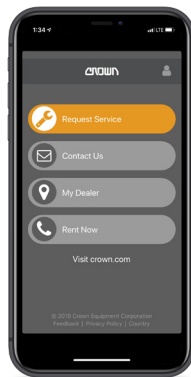

It's a challenging time. Your customers and your employees are depending on you. Help preserve your productivity and your environment with pre-shift forklift cleaning, available at participating locations.

- Daily or weekly pre-shift cleaning of forklift surfaces
- Cleaning sessions scheduled at your discretion, when it fits your schedule
- Performed by trained technicians equipped with personal protection equipment
- Special attention is paid to surfaces that are touched repetitively throughout a shift
- Haul-away and disposal of cleaning materials and disposable personal protective gear included

### Schedule Service at Your Convenience

The Crown Service Request app, available on the App Store and Google Play, enables quick and easy scheduling of cleaning or service on your mobile device.

### Need Cleaning Supplies?

Check the Service Supplies section of Crown's One Source Catalog for a variety of cleaning products or personal protection equipment.

Contact your local Crown dealer for details and options

Ask your local Crown dealer about available cleaning services and supplies.
